

**Winters in cold weather climates bring snow and ice which means you have to shovel, plow or salt driveways, walkways, and stairs.**

Heatstone Connex patio stones offer an easy-to-install, convenient and reliable radiant heating system to keep high outdoor traffic areas snow- and ice-free throughout the winter season.

Heated patios and areas around hot tubs also extend the enjoyment of outdoor places as well as increase home, commercial and rental property values.

**Uses**

- ✓ Melts ice and snow from driveways, walkways, patios and stairs
- ✓ Extends the enjoyment of backyard spaces such as patios & hot tubs
- ✓ Keeps loadingdocks, sidewalks & wheel chair areas accessible

**Perfect for**

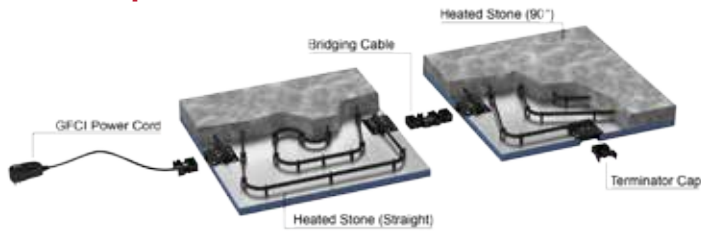

- ✓ Do It Yourselfers (DIY'ers) and Homeowners
- ✓ Contractors & Home Builders
- ✓ Rental property owners
- ✓ Business & Commercial properties

**Benefits**

- ✓ No ice and snow on driveways, walkways, patios and stairs
- ✓ No need to shovel, snow plow or salt
- ✓ Rapid, responsive radiant heat
- ✓ Turns on only when needed
- ✓ Energy efficient
- ✓ Easy installation
- ✓ Safe to use - Ground Fault Circuit Interrupter (GFCI) protected system
- ✓ Increases home and property value
- ✓ Create custom configurations
- ✓ Canadian invention for cold weather climates
- ✓ CSA Approved
